

Quick start guide

Smart button
Wireless IoT

€alloora

ENGLISH

1. Download the App

From the App Store or Google Play download the Ealloora App.

Install the App and receive notifications on your smartphone when you press the ASK Smart button.

2. Create an account

New Account

Enter the name, email, password and password confirmation.

Existing Account

If you already have an account, log in with your email and password.

The image displays two mobile application screens for account management. The left screen is the login page, featuring the 'ealloora' logo at the top. It has input fields for 'Email' and 'Password' (with a visibility toggle icon), a 'Forgot password?' link, a red 'LOGIN' button, and a 'REGISTRATION' link at the bottom. The right screen is the registration page, titled 'Registration'. It includes sections for 'ACCOUNT DATA' (Name) and 'REGISTRATION DATA' (Email, Password, Confirm password). Below these are two checkboxes for terms and conditions, and a red 'CONFIRM REGISTRATION' button at the bottom.

3. Register the device

1. On the application home screen, click on the  button to register a device.
2. Insert the ID code (8 characters) that you will find on the label on the back of the device.
3. Give the device a name
